

9. INT. ADMIN'S ROOM - LATER

~~Kevin pours feed into a fish tank. The only fish in there swims away from the food.~~

KEVIN

~~Eat, silly...~~

~~He throws the pack of feed onto the table. A hissing sound from the admin's computer startles him.~~

ROGER-7

Is anybody there? Is anybody
listening? Please! I need help. I
need help as soon as possible.
Please this is Roger-7. This is
Roger-7.

Kevin approaches the computer and hesitantly clicks on the mouse. The same moment the monitor turns on and he sees himself on the web camera along with the dark video of some trees and grass.

ROGER-7

Admin? Is that you?

The streaming web camera turns 180 degrees and now we see the face of an exhausted middle-age man on the screen. He sits on the ground in some wooded area, covered in dirt and blood and stares directly into the camera.

ROGER-7

Who are you?

Kevin waits for him to continue his speech.

ROGER-7

You-You! The guy in a blue t-shirt.

KEVIN

The admin should be back in a
couple of days. I am his
umm...roommate.

ROGER-7

It doesn't matter! You have to help
me get out of here.

KEVIN

Where are you?

ROGER-7

Sector G. I'm severely injured. Someone attacked our camp a few days ago. We didn't expect it. Had no weapons on us...not everyone could escape...

KEVIN

I am sorry...but I don't work for the company. I know nothing about the game.

ROGER-7

It's not a game! I will die if you don't help me!

KEVIN

I can call 911.

ROGER-7

No, no! I'll die sooner if you do it...You gotta help me. It will take you a few clicks please...look at the upper left corner of your screen, click the "map".

Kevin presses the map button on the screen.

ROGER-7

See the dots on it?

KEVIN

Yes, about 20 of them.

ROGER-7

The green dots are all of the people, who are next to me. You need to send them a signal to come help me. The red dots like mine mean that the person is injured there...they need help themselves.

KEVIN

And what do the black dots mean?

ROGER-7

Why are you asking? You see a black dot there? It means that the person is dead..

We see the monitor in front of Kevin with an open map on it. It is full of black dots surrounding Roger's, the only red one.

ROGER-7

C'mon! Get in touch with someone!
Anyone! Click on the dots!

Kevin clicks on one of the dots and Roger's video changes to a video of a woman in red lying still on the floor. He clicks on a different one and sees a puddle of blood next to a ripped leather boot in a junkyard. Each click shows either the point of view of a person lying unconsciously or the camera showing a person lying still and heavily damaged.

ROGER-7

What? What do you see? You have to hurry up, before they find me!
Please! If you don't do anything I'll die.

Kevin stares at the screen for a few minutes then shuts the laptop down. He walks out the room.
